6 Courses

Hello, Python!

Functions and Conditional Statements

Loops and Strings

Data Structures in Python

Explore Raw Data

Clean Your Data

May 31, 2026

DZAKI KHOTHIR

has successfully completed the online Specialization

Google Data Analysis with Python

Individuals who earn the Google Data Analysis with Python Specialization have completed six courses, developed by Google, that include instructional videos, assessments, and practical exercises. They are competent in Python programming fundamentals, NumPy, pandas, and Jupyter Notebooks for professional data analysis. They know how to apply exploratory data analysis techniques to real-world datasets, and perform data cleaning, validation, and insight extraction.
